December 2001

Dear Provider:

This is to notify you of the HCPCS (Healthcare Common Procedure Coding System) changes for 2002 that will be implemented effective for dates of service on and after January 1, 2002. Practitioners and providers who bill on the HCFA-1500 or 837 professional claim format must use the new 2002 covered HCPCS codes as appropriate. The Michigan Department of Community Health (DCH) is working to bring more consistency to the billing process for our providers and to be HIPAA (Health Insurance Portability and Accountability Act of 1996) compliant by the national implementation deadlines.

All payers have very short notice of the national coding changes that occur annually, and the DCH is striving to provide the information to you as timely as possible. Enclosed is a list of the new 2002 procedure codes and short code description that DCH will be covering for practitioners. Any new procedure code not listed will not be covered at this time. You are reminded that, each year, you must purchase the national codebooks that include CPT (Current Procedural Terminology), HCPCS Level II, and ICD-9-CM. They are available from various sources, including the AMA Press at 1-800-621-8335 and Medicode at 1-800-999-4600. These books must be referenced for the full code description as well as additional information regarding coding guidelines.

All procedure codes eliminated from the national code sets will be eliminated from use for dates of service on or after January 1, 2002. A full list of deleted codes, added codes and code description changes can be found in Appendix B of CPT 2002 and in the Introduction of HCPCS 2002. In addition, the 2002 RVUs published in the Federal Register on November 1, 2001 will be implemented where applicable in a budget-neutral manner along with the coding changes. As indicated in previous communications, the process of adopting the annual coding updates and the related RVUs will occur on January 1 of each year. By mid-January, the DCH website ([www.mdch.state.mi.us/msa/mdch\\_msa/medicaid\\_data.htm](http://www.mdch.state.mi.us/msa/mdch_msa/medicaid_data.htm)) will contain databases organized by provider group listing the covered codes, short descriptions, fees, and other payment indicators. Not all of the new 2002 covered codes will apply to all provider groups; for example, no new codes apply for chiropractic services.

We appreciate your patience in working through the transition processes that will continue to occur as all payers and providers move to be HIPAA compliant. If you have questions or concerns, you can contact our Provider Support area by phone at 1-800-292-2550 or by e-mail at [ProviderSupport@michigan.gov](mailto:ProviderSupport@michigan.gov).

Cordially,
